SESSION #4 AGENDA

Friday, January 9, 2015

Pennsylvania Association of School Administrators' Headquarters

2608 Market Place, Harrisburg, PA 17110

A Changing Education Environment

☞ School environments are changing across Pennsylvania and the nation, driven by an increasingly diverse student population and a fundamental debate about the role of public education. Some of these changes are upon us and others can only be imagined. This session provides Fellows with an opportunity to explore the changing educational environment in Pennsylvania while considering the current and prospective opportunities and challenges of these changes. ☞
