

Deanna Sintobin

I am a Supervisor of Special Education for Riverview Intermediate Unit 6 in Clarion, Pennsylvania, where I work with students, teachers and districts across two counties. For 19 years I served as an English teacher for Clarion Area School District and then Brookville Area School District before becoming the Director of Education for BASD. Two years ago I began working for RIU6 as a supervisor. I earned a bachelor's degree from Clarion University, a master's degree and administrative certificate from Westminster College, and a Letter of Eligibility from California University. My husband and I reside in Clarion with our youngest daughter.
